When You Build a Kynd Kit - The Cycle of Impact

Tips for Building Your Kit

Helpful Tip for Building Your Kynd Kit

- Avoid politics and religion entirely.
- Use appropriate humor.
- Can't think of what to write, draw a picture!
- Use words of affirmation!
- Place a piece of paper in any canvas bag before drawing on the outside. This way, the marker will not bleed through the other side of the bag.
- Please keep your designs gender-neutral, inclusive, and age-appropriate.

STEP 3 OF 9

Cyber Education [Classic]

Before You Build

This Cyber Education Kit, created in partnership with **Palo Alto Networks**, helps inspire the next generation of digital defenders! The completed kits will be donated to young learners who are exploring how to stay safe, smart, and kind online. Through fun, hands-on activities, kids will learn the basics of cybersecurity—like protecting personal information, creating strong passwords, and building their own “digital force field.” Your work today helps empower future cybersecurity superheroes to protect our digital world!

Decorate the Bag

Decorate the kraft bag(s). This is what the final kit is distributed in, so try to make this fun and colorful for the recipient to open.

Please note: we are currently transitioning from plastic ziplock bags to kraft bags. Some kits may still include the plastic bag for you to decorate while we complete this transition.
